Adrienne,

The purpose of this letter is to let you know how much Lynda and I appreciate the way Authentic Custom Homes, Inc. does business. We were pleased that the quality experience we had designing and building our home and this has continued in the follow-up phase following our move-in.

As you know we built our home remotely since we were living in Beijing, China during construction. We can honestly say, having interviewed multiple builders in the Boerne area, that we would not have selected any other builder to design and construct our home in this situation. We were particularly pleased with:

- Israel and Jim's listening and creativeness in designing what we were describing
- The regular updates on the project including pictures
- The flexibility demonstrated when we did make trips to the U.S. like bundling of displays and decisions that had to be made to assure the project ran smoothly.

We also were pleased with the prompt communication and follow-up whenever we encountered difficulties.

Upon reflection, Lynda and I thought it appropriate to let you know in writing what a good experience we have had and say, "Thank You".

We look forward to our continued association with Authentic Custom Homes, Inc.

Sincerely,

J. Kent & Lynda C. Hamby
