Attention: Israel Pena

We have enjoyed our home for 27 months and the complements from our friends and neighbors. It was a pleasure working with you and your design team through the many decisions necessary to complete a true custom home. We came to you with a piece of property that is one of a kind and ask that a home be designed and built to capture all the beauty of the views. Your selection of room layout and large windows achieved our dreams.

We have also appreciated the detail follow up Authentic has given the few problems we have experienced. Each item was dealt with professionally and promptly.

Best wishes for you and your team and thank you for a beautiful home.

Sincerely,

*Dick & Phyllis Kiger*
