Dear Israel:

We would like to thank you for building our home in Cordillera Ranch. We could not be more pleased with the professionalism of your team and the workmanship of the house. Throughout the entire process of designing and the construction, your Authentic Custom Homes Staff created the home of our dreams and guided us each step of the way to help us avoid problems or concerns.

The design process with yourself and Jim Terrian was facilitated by the way you listened to our desires and produced plans that took our needs into consideration and created a house with function and beauty. The actual construction process was completed in the predicted and desired timeframe and budget, which were set forth at the beginning of the project. The knowledge and skill displayed by the Construction Forman, Ted Robinson, alleviated any fears that we may have had going into the project as we were living out of the area during construction. Your Team completed milestones as promised that coincided with the dates we were able to be in the Boerne area to observe progress and to make necessary decisions. Harry Craig was always willing to keep us up-to-date on progress by answering questions and sending along photos of the house and grounds as things developed.

It was our pleasure to work with Authentic Custom Homes. We have and certainly will continue to recommend working with Authentic Custom Homes to our friends and others that we meet who are interested in building here in the Texas Hill Country.

Sincerely,

RECEIVED
